CRIME SCENE EXAMINATION NOTES

Form CSE-2024-001 | Case No: KL-CR-2024-EKM-00412

Section 1: Scene Details

Location: Al Reem Restaurant, Kaloor Junction, Ernakulam, Kochi

Examination Date: 14 November 2024

Time of Arrival: 06:40 hrs

Examining Officer: SI Pradeep Chandran (Badge: KL-5518)

Scene Secured By: HC Subin Mathew (Badge: KL-7731)

Section 2: Point of Entry

The rear kitchen door (steel frame, single-leaf, outward-opening) showed clear signs of tampering. The deadbolt mechanism had been forced using what appeared to be a lever-type instrument, leaving a 4–5 cm gouge on the door frame near the lock housing. No glass breakage. The front entrance and all windows were intact and undisturbed.

Section 3: Interior Condition

The kitchen was found in an otherwise orderly condition. The cold storage area near the rear showed signs of disturbance consistent with the removal of heavy trays: indentations on the stainless-steel shelf surface and a small quantity of rice residue on the floor leading to the rear exit. No drawers, cabinets, or cash areas were disturbed.

Section 4: Physical Evidence Collected

Item No.	Description	Location Found	Evidence Ref.
01	Partial fingerprint — latent, rear door frame	Exterior door frame, left edge, 120cm height	EV-2024-00412-FP01
02	Tool mark impression (door frame gouge)	Interior door frame, lock housing	EV-2024-00412-TM01
03	Rice residue — floor sample	Kitchen floor, 30cm from rear exit	EV-2024-00412-RS01

Section 5: Forensic Photographs

A total of 24 photographs were taken documenting the scene. Reference: Photo Set EV-2024-00412-PHO, uploaded to case file.

Section 6: Officer Assessment

The mode of entry and targeted nature of the theft (only prepared food, no electronics or cash taken) suggests familiarity with the premises and its operational routine. Toolmark analysis has been submitted for laboratory comparison. Fingerprint lifted for AFIS cross-check.
